## *From the Principal's Desk:.....*

Shillong College owes its origin to well-meaning public initiatives from across various sections of people in the capital city of Shillong in order to make college education accessible and affordable to the common people, particularly the less advantaged sections of society. It was formally inaugurated on 15th August 1956 at Jail Road Boy's High School with student strength of only 35. Guided and nurtured by a group of well-wishers and a band of dedicated teachers under the dynamic leadership of our founder principal (Late) Shri S. C. Datta, the college gradually progressed over the years overcoming numerous obstacles and challenges until it was finally shifted to the present campus at Laitumkhrah, Shillong in the year 1962.

From its humble beginning the college has forged ahead to become one of the premier co-educational institutions in the State. With the presence of a dynamic Governing Body, dedicated faculties and staff the college strives to become a centre of Excellence for wisdom, a beacon of hope, a model embodiment of the ideals upon which our Nation has been built.

Shillong College is committed to pursue these objectives by accelerating the pace of its activities and also responding to the emerging challenges of change. Today, the combination of factors such as technological change, globalisation, economic crisis and adjustment, the ambitious New Education policy are inter-related and is distinctively different from those challenges prevailing few decades back. Moreover, the world is grappling with the pandemic (COVID 19) which has affected every sphere of human activity and interaction demanding further change and adaptation to a new normal.

As we step into this new academic year, filled with new hopes, dreams and challenges, I believe every student is looking for an environment to excel and which brings out the best of him/her. Shillong college focused not only on academic excellence but also on providing ample opportunities for students to explore his or her own capabilities and their area of interest: in co-curricular and extra-curricular activities. Moreover, the college also provide opportunities for skill development and entrepreneurship training to name a few. With dedicated faculties, staff and evolving infrastructure, our college helps students to realize their goals in life and explore the possibilities to excel in life.

When you choose to become a part of the Shillong College fraternity, please be convinced that it is the right choice you are making and to have the passion to take advantage of the various opportunities that is offered by the college.

I welcome you to Shillong College and wish you all the best.

Dr E. Kharkongor

## The College Emblem

The White Background in the middle stands for our humble beginnings when a few noble, caring and dedicated souls established this college on 15<sup>th</sup> August 1956 in order to address and cater to the needs of the less privileged sections of society for whom higher education and the world of knowledge would have practically remained out of bounds. This colour also stands for simplicity, purity, transparency and clarity of thought achieved through knowledge.

The Lamp in the white circle represents the illuminating, guiding and purging light of knowledge, wisdom and truth that will banish/dispel fear, doubt, ignorance, parochialism, bigotry and prejudice.

The significance of the Swan which is seen next to the lamp may be found in Hindu mythology where Saraswati, the Goddess of Knowledge is depicted riding a swan (hamsa) which symbolizes purity par excellence (Sattva Guna), wisdom, prudence and the discerning power to differentiate between good and bad, eternal and transient (Viveka) discipline, stamina, grace and beauty.

The Ocean over which the swan appears, represents the unfathomable vastness of wisdom and depth of the world of knowledge as well as the collective human race where diverse elements co-exist.

The Golden Circle that surrounds all of the above symbolises the immortal nature of knowledge and the element of continuity in the work of disseminating knowledge. The colour itself reflects optimism, high ideals, enlightenment and the bright future for our students and college.

The Motto that appears in Sankrit- "Vidyaya Vindate Amitam"- and in English- "Knowledge is Immortal" -is taken from Kena-Upanished (11:4). In this context, knowledge as 'Vidyaya' implies a deeper meaning than mere learning. It is a state of mind where the individual is attuned to the divine consciousness and thus attains knowledge that is immortal and blissful.

The literal meaning of this statement is that the self is the source of immortality. The term "Vidya" means the sustenance of interrupted experience of Wisdom and Bliss: Knowledge here does not mean ordinary learning but it is blissful of immortal where the individual is termed to the divine consciousness which cannot be distracted by it is forever eternity.

Therefore our great emblem bestowed in our College Logo is accepted and relevant and it will co-exist With the years to come.

# *Our Motto :* *Knowledge is Immortal*

## **OUR VISION**

# Placement
